CANARY BEACH RESORT – COVID-19 UPDATE

As the world responds to the outbreak of COVID-19, our thoughts are with the people affected, as well as the medical professionals working around the clock to care for those people in need. In addition to the all others essential workers as they continue to go to work and do their jobs all while having to put themselves at risk to ensure the safety of others.

Canary Beach Resort is closely following the guidelines of the Federal and State of MN governments for ongoing updates in regards to COVID-19 as a Minnesota Resort. We are also following the Centers for Disease Control and Prevention (CDC), World Health Organization (WHO), and Minnesota Department of Health (MDH) daily for updates on disinfecting, cleaning, and general guidelines. We have increased disinfecting measures in our cabins as well as cleaning and disinfecting our Lodge after each contact with other persons.

As the pandemic continues to impact our daily lives, we are still here to serve our guests. How we serve you today looks different than it did one week ago. We will continue to be available via phone, email, or Facebook. We are now providing virtual check-in/check-out and online payments to minimize our face-to-face interactions. If you must come into our Lodge, please contact us via any of our platforms to schedule a visit.

We will continue to take the above measures to minimize risk to our guests and staff to make their safety our priority. Please follow our Facebook for any updates we may have.

Thank you in advance for your continued support.
